

# White Matt Frost

White matt frosted window film is a thinner thickness than the opal frost but is slightly more opaque. The film will completely render glass obscure and prevent vision in and out, day and night. A simple solution for added privacy, ideal for glass partitioned areas, offices, bathrooms etc.

Once fitted, the white matt frosted film will give a milky/white frosted appearance to the glass whilst still allowing 80% of light through.

The film is an easy to install self-adhesive film that is applied directly to your existing glazing.

The film is an easy to install self-adhesive film that is applied directly to your existing glazing. If you would prefer us to fit the film for you, then please contact us for a free no obligation quote. Fitting starts from £190 + vat

## Allows 80% of visible light through
